

WARNING

TO ALL UNDERCOVER POLICE OPERATIVES

A Message to ALL W.A. undercover-police operatives and A.S.I.O. agents of surveillance and 'Black-ops' who have been assigned by your hierarchy to surveillance, harass, intimidate, assault, perpetrate death threats and attempt 'Stitch-ups' of drugs and child pornography upon my person.

I am very well aware that at the individual level many of you previously had no knowledge whatsoever of the high-level Government pedophiles that you were and are presently protecting, and that you do in fact genuinely care for the protection of all children.

I also know categorically that many of you are in fact directly involved in High level Masonic Secret- Society Black-Occult Satanic Ritual Child Abuse and Murder.

I know how your pedophile rings operate.

I know that in the very rare occasions when you pedophilic abuse surfaces into the public arena, either individually or as a group, you are protected, the information and evidence of your activities is 'whitewashed', 'disinformed', 'lost', 'destroyed' and the witnesses threatened, harassed, intimidated, assaulted or murdered.

I know that the system that you are involved in – once solid and impenetrable to 'mass citizen awareness' – is finally beginning to disintegrate – to a point which will make you and your child abuse networks completely transparent for everyone to see.

I know that the evidence I already have along with my future investigations and mass public exposures of your Child Abuse Rings via my forthcoming documentations and documentaries will prove to Everyone in Australia your - 'Child Abuse by Design'.

I know a number of you that are involved in W.A.s Secret Society Pedophile Network at the highest level and that when the Knowledge of your pedophile rings reaches critical mass within the Australian public domain your identity will no longer be protected by your Black-Occult 'Brotherhood' and you will be the first to be hunted down by the Australian Masses and brought to their justice – however you will not be the last. Not one of you will ever escape the wrath of the People when they find out who you are and what you have done.

I have a question – Do you feel safe?
